

## Infreschi Bay

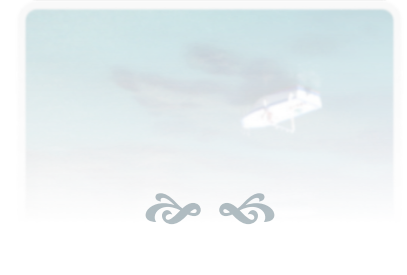

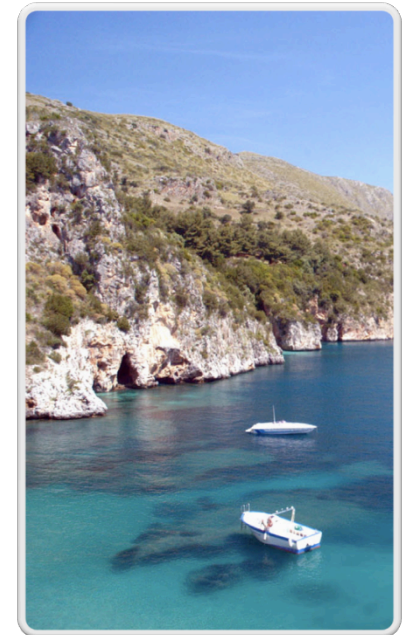

The marine area of the Coast of Infreschi and Masseta, is a natural protected area of the Campania region established in the 2009. Occupies a surface of 2.332 hectare of sea, in addiction to which one hectare of coast. It is situated between the municipalities of Camerota and San Giovanni a Piro, in the province of Salerno, inland of the National Park of Cilento and Vallo di Diano. Among the most well known beaches we find the Sciabica, Cala Bianca, French Beach famous also for "La Tana del Lupo" where Saverio,

## The Blue Cave

an authentic pastor of the Cilento, will charm you with its simple and genuine dishes, accompanied from characteristic tunes of his little organ. All the way to Punta Infreschi we find a succession of caves and points where you will be astonished for the beauty of the place. The crystalline sea of the Cilento makes the area one of the most evocative in Campania.
